How much the title really has to do with it— and Moore says it would have made no difference if his picture were called Steer Clear of the Muttonball Sea or something equally bizarre—no one really knows of course. What the title signifies is that when the movie was "opened in a town long his corner," while something happened to it when he looked into Mrs. Adoree's great blue eyes. Fruit, Flower Mission to Give Tea

By LONA B. KINARD

Once a year the Fruit and Flower Mission of Oakland asks its friends to celebrate with it and to listen to a modest report on a truly wonderful work which this self-sacrificing organization is pressing. That function is scheduled for Friday afternoon in Covenant Hall, Twenty eighth and Webster street. The board of directors will be hostesses. The Fruit and Flower Mission follows in the belief that the mission of not letting the right hand know of what the left does. Those gracious kindly deeds of lending solace to lonely hours of "lullaby" of bringing a glow of happiness with its dainty favors of flowers or fruit or delicacy of even reaching out with the more substantial help to those with larger human needs are done and then forgotten.

Perhaps in all the city there is not a more interesting or more finely conceived task than that to which this group of Jewish women are addressing themselves. Those who have directed the destinies of the mission during the past year are President Mrs. Samuel M. Friedman, vice president Mrs. J. Schwartz, secretary Mrs. Morris S. Samuel, treasurer Mrs. Frederick Kahn, directors Mrs. Charles Leburg, Mrs. Morris Glaser, Mrs. Harry Chelmsky, Mrs. Ralph Kasser, Mrs. Hilar Katzschman, Mrs. Louis Glickman, Mrs. B. L. Mosbacher, Mrs. Michael Grodin.

A brief business session will in August the Friday tea. The annual reports of officers will be read and election held. The following program will be presented:

Cello selections—Van Goens, Popper.
Autumn Flower.
Miss Florence Briggs.
Recital from his poems—Fred Emerson Brooks.
The California Poet.

Songs—Mrs. Eugene Elkus, San Francisco.
At the Piano Mrs. A. Lang.
Mrs. Mary Samuels has arranged the afternoon with the assistance of the officers and directors.

Shall be making an innovation on Tuesday. The clubwomen are inviting the men, dressed from business by the holiday to share their program with them. Personal memories of Emerson and the Concord group will be recalled by Charles J. Woodbury with Mrs. Carl Anderson offering the musical numbers. An assisting Mrs. Everett. Brown as hostess will be Mrs. Frederick Jewell. Lairs, the board of directors, and Madames M. A. Andersen, Franklin Bangs, John A. Beckwith, W. W. Blair, Samuel Brock, Geo. R. Child, C. Coogan Daniel, F. Eastbrook, T. J. Ferguson, Geo. Frederick, Ray E. Gilson, C. H. King, H. H. Osgood, Geo. W. Percy, Geo. Rothganger, Frederick S. Samuels, C. F. Snook, Hayward G. Thomas, J. H. The A-B-C of "Equalization"

Equalization means simply that all property be taxed equally, in proportion to value.

Railroads, banks, light, heat and power companies, and telephone and telegraph companies pay taxes on their operative property to the state instead of locally.

This property should be taxed by the state equally, in proportion to value, with property taxed locally.

This, then, is the "equalization" question:---

Are Corporation Taxes now equalized with Local Taxes?

In 1920, property taxed locally paid in local taxes \$144,500,000

at a rate of 1.632

on a sale value of . . . \$8,850,000,000

In 1920, public utility property paid in state taxes \$15,300,000

which at a rate of 1.632

would give a sale value of . . . \$937,000,000

BUT, in 1916 the Seavey Tax Commission placed upon these public utility properties a sale value of only \$805,000,000

And yet these same properties are now paying on a valuation over and above this figure by . . . \$132,000,000

And the Governor and State Board of Control now purpose to increase this further by a raise in rate of 35%

Where is the Square Deal?

Not taking into account the fact that the total sale value of all California public utility securities is below what it was in 1916, no thinking man can well believe that the total value of the public utilities is over \$132,000,000 above what it was in 1916.

The whole problem of equalization reduces to this: Corporations taxed for state purposes should pay at a rate equal to that on local property, but based on a just and reasonable valuation.

Let us have done with the specious formulas, the continually shifting basis, and the appeals to prejudice that have characterized the campaign of the Governor and State Board of Control.

The Real Issue Is Economy

Endeavoring to hide the extravagance of an \$81,000,000 budget, the State administration has raised the cloud of equalization to begot the real issue ---economy.

They still do not show the people of California the necessity for \$15,000,000 over and above the 1919 budget and all additional money voted by the people at the November elections.

For our legitimate needs our present revenue is still adequate.

No ad valorem or increased corporation tax is necessary

Mrs. Stoll Tells Women How She Found Relief From Pain

Philadelphia, Pa.—"I suffered for six years with pain every month, had vomiting spells the first two days, and was unfit to do my work. I read in your little book about Lydia E. Pinkham's Vegetable Compound and took the medicine with satisfactory results. I am amazed and recommend the Vegetable Compound to my friends and my daughters take it. You may publish these facts as a testimonial."—Mrs. LOUISE STOLL, 609 W. York St., Philadelphia, Pa.

It is not natural for women to suffer as did Mrs. Stoll, and in nine cases out of ten it is caused by some displacement or derangement of the system which Lydia E. Pinkham's Vegetable Compound overcomes, because it acts as a natural restorative.

Every woman who is subject to cramps, headaches, nervous spells, backache or those dreadful bearing-down pains should profit by Mrs. Stoll's experience and try Lydia E. Pinkham's Vegetable Compound, and write Lydia E. Pinkham Medicine Co., Lynn, Mass., about their health.

AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy

Almost everyone knows that Sage Tea and Sulphur properly compounded brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home which is messy and troublesome.

Nowadays we simply get at any drug store for Wyeth's Sage and Sulphur Compound. You will get a large bottle of this old time recipe improved by the addition of other ingredients at very little cost.

Everybody uses this preparation because no one can possibly tell that you darkened your hair. It does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears, and after another application of two or three your hair becomes beautifully dark, thick and glossy and you look years younger—Advertisement.

EX-GOVERNORS TO BE OPPONENTS IN TAX DEBATE

**Pardce and Gillett to Speak
Monday Night in Oakland
Auditorium Theater.**

Arrangements were completed today for the public debate on the Riney tax measure to be held Monday night in the Municipal Auditorium theater. Ex-Governor James N. Gillett and ex-Governor George C. Pardee will uphold the opposite sides of the bill.

With Dr. Pardee in upholding the bill will be Lieut.-Governor C. C. Young, while President William Sprague of the Southern Pacific company will take the platform in company with the bill.

The meeting is under the auspices of the city residents committee of the Greater Birmingham Council, and will be presided over by Pros. Joseph H. King of the body.

President King of the Chamber of Commerce summed up the purpose of that organization in scheduling the meeting in the following way: "We believe that the state tax bill is one of the most important public questions in the state today, a question which is of vital interest to the people, and one on which they should be as fully informed as possible."

when they met the University of
California at Berkeley last night.
The result was a 10-0 victory for
the St. Mary's team.

clean ball while the Los Angeles
team were cautioned repeatedly
against personal fouls. The only
reason one of the visitors was
given the air for fouling was be-
cause they had but five men in
uniform. The story of the game was
told in detail in these columns yes-
terday. Livermore won 27 to 17,
and the Los Angeles team was
defeated by the most surprised
athletes in the world.

When the Los Angeles boys saw
the cowboy coming to basket-
ball they started to laugh. They
thought it was a joke. But when
they saw the cowboy, they were
surprised. The cowboy was a
crack athlete. He was a member
of the Los Angeles team. He was

New Golf Club For Oakland? Rumor Says So

At last there is a prospect of a
golf course for Oakland where
players can enjoy a game at a mini-
mum charge per month. It is lo-
cated within easy walking distance
of a good car service. The owner
of the ground is an enthusiastic golfer
and feels that an opportunity to
play golf should be given to those
who cannot afford to join the country
clubs. Nine holes can easily be
laid out with plenty of adjacent room
to locate another nine holes. Se-
veral local golfers will look it over
and decide if the services of an ex-
pert course designer is necessary.
The idea permeating this suggested
enterprise is to keep the cost as
low as possible, so all unnecessary
expenses will be curtailed.

**REPORT DUE ON
R. R. COMMISSION**

It has been investigating the State Railroad Commission during the interim between sessions of the state legislature will be ready with a report within a week of the opening of the second session, according to Commissioner J. M. Hume, chairman. The committee left San Francisco last night for Sacramento and is busy with the extensive work of finding information for a report.

The commission last night offered testimony regarding the expenses of operation and showed that an increase in the rates for automobile, mobile transportation companies and heating companies to its jurisdiction. Commissioner Frank L. Devlin charged that in some instances misunderstandings concerning the rates were caused by persons who appeared before the body to argue and who lost

they have misrepresented the facts," he says. "I have done nothing for political reasons."

For the most part the hearings developed testimony favoring the commission. Before adjourning the hearing Senator Inman thanked the commission members for courtesies.

**Naval Reserve Put
Protests Pay Cut**

SAN FRANCISCO, Feb. 15.—C. C. Thomas Post, American Legion, the nation's largest post organized in the back of the country, went on record at its meeting, Tuesday, at San Francisco absolutely opposed to the reduction in pay of reservists. Telegrams to this effect were sent to the representatives in Washington and to the Senate in Washington and to the Senate Navy Committee and to the Senate Navy Committee.

communities, protesting against any such action. The reduction bill has passed the house and is now being considered by the senate.

According to the plan of C. C. Thomas Post most of the enrollment expires this year and unless there is a sufficient inducement to encourage new enlistments, the navy will have to secure new ones. Without strong financial reserve it will be hard said to attract the navy in case of trouble in developing new men. The post office membership of ex-navy men from both sides of the bay. The next meeting will be held in the State Armory, March 3.

Near Months Rule

Easy With Cotton

NEW YORK, Feb. 13.—The cotton market opened steady today at a decline of 13 points to an advance of five points. Near months' rule was relatively easy, affected by weakness in foreign exchange, liquidation by longs and selling against purchases of the latter positions.

Trading was only moderately active with the first interval fairly steady on week-end covering. There was much bearish comment on probability of further domestic mill curtailment and on a weaker foreign

GROWN-UPS MAY USE PLAYGROUNDS UNDER NASH PLAN

John Smith, head of the recreation department, is expected to report to Mayor Davis Monday or Tuesday with the city council's resolutions to change the city playgrounds from city-owned to public playgrounds and to permit the administration of summer camping to the town of Oakleaf. The plan is to purchase the site of the old Oakleaf municipal camp somewhere.

Smith says he is working on a report on the old ordinance so that a new one will be given the playground department, while supposing the committee is to expect it.

The project for giving the playground department a wider jurisdiction still will probably come before the voters at the coming election according to Smith.

It is a matter of deciding just where to expand without going too far, says Smith. It is a fine line to draw between the recreation department available to all persons, and the city recreation department, so that nothing will curtail the city work. The department for children still will still be there to play and recreation.

Smith is also touching on the recreation project for the new acquisition of a municipal camp out of the city, but says he is willing to throw this overboard if necessary, in favor of the other project.

The general committee has sent out 7,500 circulars explaining the pur-
